Quality Specification

Product : Freedom Plus-1413-ORION- (One Pack) Ester

Chemical name	2-Diazo-1-naphthol-4-sulphonyl Chloride Esterified with Suitable Cresol Resin
CAS No.	3770-97-6-0 (Not Clearly Defined)
Chemical formula	Polymer Structure
M.W.	Polymer Structure

Test Item	Specification
Appearance	Yellow powder
Moisture	2.5%
Assay	98.0% Minimum
	Uses and Applications
	This Product is used as a main component for DNQ based Coating Solution to manufacture UV CtCP Offset Printing Plates and as a Photoresist used in Electronic Circuits.
